this book provides a comprehensive overview of trails and routes from a tourism and recreation perspective this cutting edge volume addresses conceptual and management issues systematically examining supply demand development and impacts associated with trails and routes

table of contents

nature based tourism in peripheral areas provides a comprehensive examination of this form of tourism development as it occurs within alpine forest sub polar island coastal and marine environments this book goes beyond much of the debate surrounding ecotourism and the impacts of tourism in vulnerable environments to place nature based tourism in a wider regional context particularly when for many peripheral regions tourism remains one of the key opportunities for economic development therefore a central theme that is present throughout many of the chapters is the role that nature based tourism can play as the catalyst for larger regional development of regions the book will serve as essential reading to senior undergraduate and postgraduate students taking courses in tourism and related degrees where the major focus is on tourism that occurs within peripheral regions it will also serve as a key reference to researchers and professionals interested in the role of tourism as a regional development tool

the first book length study of the psychoanalytic memoir this book examines key examples of the genre including sigmund freud s mistitled an autobiographical study helene deutsch s confrontations with myself an epilogue wilfred bion s war memoirs 1917 1919 masud khan s the long wait sophie freud s living in the shadow of the freud family and irvin d yalom and marilyn yalom s a matter of death and life offering in each chapter a brief character sketch of the memoirist the book shows how personal writing fits into their other work often demonstrating the continuities and discontinuities in an author s life as well as discussing each author s contributions to psychoanalysis whether positive or negative

this book explores the extent to which children engage with questions of morality arguing that they are active members of society who have both the capacity and understanding to engage with discourses of morality

designed for counselors school psychologists and others this practical handbook offers creative useful interventions for

problems children and adolescents commonly experience

topless bars casino gambling needle exchange programs for drug addicts there s no question morality issues remain front and center in urban politics presenting a systematic analysis of culture war issues at the local level elaine sharp shows how american cities deal with these ongoing concerns drawing on a sample of ten strategically chosen cities she explains differences in how municipalities respond to controversies surrounding sex business abortion clinics legalized gambling gay rights and drug use by analyzing the relative importance of subculture economics and institutional arrangements in the disputes she points the way toward richer and more complete understanding of how different cities respond differently to these hot button issues far more than a statistical study morality politics in american cities is a collection of fascinating stories of real people grappling with down to earth issues and real life drama richly informative case studies that will captivate students and interested citizens alike mayors public health directors activists and others speak their minds about the pros and cons of these controversies here are officials in one city confronting the vatican over funding for abortion services those in another battling a local university over its refusal to provide health benefits to gay partners of faculty members and still others mounting a massive community sponsored attack on topless clubs these stories provide detailed evidence to support classifications needed for comparing cities experience with each of the five morality issues they also corroborate inferences drawn from the comparisons by showing what considerations were in play as local officials grappled with these issues overall the study shows that cultural factors usually dominate policymaking in local politics except when specific economic interests are at stake and also observes that county level governments are more important than previously thought in terms of morality issue decisions as provocative as it is informative morality politics in american cities demonstrates that such issues same sex marriage for example are multidimensional and often difficult to resolve its conclusions however contingent mark an important step in the ongoing process of understanding important differences in approaches to these issues and clearly show how moral conflicts continue to define american politics
